

Jacqui

Live-in Carer

Jackie has spent most of the last 30 years working in the healthcare sector, helping dozens of individuals with a range of conditions and requirements, including: dementia, Parkinson, post-stroke, palliative, and end-of-life care. During this time she's taken a couple of career breaks to dedicate time to her family, and a *sabbatical* where she worked as a pub & restaurant chef.

In her spare time Jackie enjoys reading autobiographies and the life stories of real people. She enjoys watching TV, mostly documentaries about nature and history; and when not experiencing the outdoors through the TV (which she admits is slightly ironic) she likes to go for long (or short) walks in the countryside.

Jackie was born and grew up in North Wales. Today she lives with her family in Bridgenorth. Jackie is a car driver and animal lover who enjoys helping individuals get out and about.

Jackie is a smoker.
